I Have Previously Discussed This Concern With My Supervisor:

Subject: (State Briefly) I hand delivered a "SPECIAL" URINE sample to Body Count. After a two week period had elapsed I still had no results. During the third week I contacted M. R. Salasky who informed me that my "SPECIAL" urine sample had been cross contaminated in the Labs. I feel the incompetence of this group should be investigated! 2-7-86
Employee (Signature) [REDACTED] Date 3-7-86

Supervisor Answer: The HS & E Laboratory has a major problem with contamination and efforts are underway to correct this situation. A UOR committee is currently investigating the problem.
